NEW YORK, NEW YORK

Local No. 1

Well, Brothers our National and Local Elections are now over. All we can do now is hope that we have elected our best.

We, the members of Local No. 1, wish the best to our future President, Richard Nixon, and all the other successful candidates, both National and Local.

In the section of the city that I live in, Astoria, L.I., we were very successful in electing men with great labor records.

I know in some way we the members of Local No. 1 have been affected by the Public School Teachers strike. as I am writing this article the strike has come to a successful conclusion. We now hope to see things back to normal for the children's sake. Lots of luck to the Federation of Teachers. AFL-CIO.

In one of our past articles I referred to our brothers who were getting things organized for the hunting season. As yet I have not heard from any of these great hunters. We are available for future pictures and articles on their hunting prowess.

From all reports I understand Bro. Frank Egan is back on his feet after being quite sick. Lots of luck and future health from all your brother members. Frank.

Our former Day Secretary Foster Conyers was also a patient in the hospital lately. Foster was in St. Vincent's Hospital, New York City, where he went through successful surgery. We will be looking for you at our next meeting, Foster. The best from us all!

With our Thanksgiving Holiday just coming to an end, I hope all our brothers and their families had an enjoyable day. For the children both "old" and young, I guess you all enjoyed the Macy's Parade as I and my family did. The television coverage was great as we can all vouch for.

I have just received the first report from our deer hunters, Leo the Lion Kibbler and his party while hunting at Monticello, N.Y. brought down two

bucks. Leo was not one of the lucky hunters. Remember, Leo, you have to use the gun, not your lungs.

By the time this article goes to press and is received in our monthly journal, our December meeting is due to be held. I think we should try to make this meeting one of the greatest ever in support of our President George Koch and his Executive Board. These men have a rough year ahead in 1969, but with the full support of our membership they have to be successful. You members may tire of hearing this old "adage", "Let George do it", but I will use it from time to time in this column. knowing that this man is determined to run a successful organization, which he has done and is doing.

In closing, the Officers of Local No 1 wish all the Brother Members and their families a very Merry Christmas and let's hope Santa fills all your stockings.

Nick Stantor
