

About those photos

Some of the snapshots sent in with Correspondents' Reports are in full color. Those make the best home snapshots . . . but very often do not convert very well to black and white photos in the magazine.

If you can, send us sharp, black and white photos. They'll reproduce better here in the pages of the *ELEVATOR CONSTRUCTOR*.

Thanks!

NEW YORK, N.Y.

Local No. 1

Do you brothers realize that we are the most talented trade of all? Keep saying it because we are No. 1 and we will remain so.

Our Brother Frankie Pal, the actor, is proof of our talent in all fields, not only elevators. We are the greatest.

Local No. 1's talented and versatile Frankie Pal.

Frankie's statistics are:

- Height: 5'11"

- Impressionist

Good luck in both of your careers.
*Your friend,
Eddie Rielly*

Business Agent, Karl Stork, is feeling fine and doing great. He will be back on the job soon. Tom McGoldrik and Tom Connolly have been covering for Carl and doing a great job.

Our hats off to George Koch, our former President, Business Manager and now fourth Vice President of the International, for winning a big victory for all of us. George took a case to the Washington, D.C. appeal board and won it. The case was on the speed walk at Newark Airport. He won it from the millwrights and now we are doing the work, not the millwrights. Great job, George, it will mean a lot also in the future.

Our sympathy to the family and friends of Harold J. McAleese, Sr. and Thomas Dowling. Both were retired members.

Eric Blan Kneister has retired. Take life easy and let's hear from you.

Those reported sick are Robert Pilger, Joseph Hoolahan and William Swift.

Tom Moran, whom they call Tweedy Bird, is just fantastic and unreal. I believe it.

A lot of old faces I miss are Arite Bland Jr., George Tangel, Al Ursinis, Dan Sutton, John Cusick, Dom Donato, Gary Lebrech, Ed Watson, Mickey Schulam, Roy Steyvesent, Jerry Sutton and Tom Nolan (Shop Steward at the twin towers). Also my favorite Frank Pike.

Willie Meehan has started his 100 car job for Otis in Brooklyn.

Ed O'Brian, Warden, has his 28th grandchild. His son, Kevin O'Brian, who works for Westinghouse, had a baby boy, Kenneth, 8 lbs., 8 ozs. on May 14.

Brother Tom Kristan had a very serious accident. Tom turned over twice in his new station wagon and 18' trailer on a strong gust of wind. Unreal! But all are fine with just a few broken bones. So Brothers, when hauling a trailer or camper, be careful. It's more dangerous than an elevator shaft.

Please send all information to Ed Kristan, 15 Wittman Lane, Brentwood, N.Y. 11717, Telephone-(516) 273-3371.

Ed Kristan

Hi Brothers,

Hey what's happening out there? Since I took this job no one has been bending my ear. You can't tell me there aren't any new babies or weddings, picnics or anything we can't put in this article. The only ones bending my ears are the officers and brothers at school.

The executive board made a ruling that the white vacation cards that were sent out must be turned in by
